GAM100 Game Exercise 1

Name: Kenneth Ong

Section GAM100F18-A

(A or B)

Challenge

“Outside of class, introduce yourself to a member of the Academic Support Center and ask if they would be willing to answer a few questions.”

Name: Zachary Sng Zhi Ren

Degree Program (BAGD, BSGD, etc.): BGSD

Name of favourite GAM100 prototype/project: wst (JPZZ group) recoil tower (hold up)

Briefly, what was one challenge encountered while working on this project:

The whole team had no programming background. Everyone had to struggle and pull through together and learn everything from scratch.

What advice they have for me for GAM 100:

Learn as much as you all can, don't be afraid to ask for help. Do your best, do not slack off and create bad reputation among your classmates.
